Ladybug Picture Book Award 2023 Voting Guide

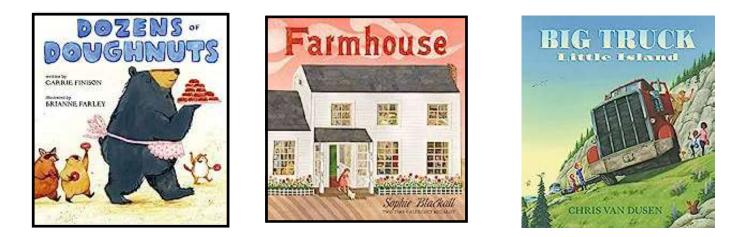

Sponsored by the Center for the Book at the New Hampshire State Library Learn more at https://www.nhsl.dncr.nh.gov/about-us/center-book The Ladybug Picture Book Award is a program of the Center for the Book at the New Hampshire State Library and is designed to promote early literacy and honor the best in recent children's picture books. This year is the 21st year that the NH Center for the Book has given this award.

The nominees are selected through a series of surveys and voting among NH library staff. Each spring 10 picture book titles are announced as the nominees for that year. Then, during November, New Hampshire children from preschoolers to those in third grade vote to choose the award winner. The winning picture book is announced at the end of the year.

To be considered for nomination, a picture book must meet the following criteria:

- be published, in its current edition, within the last three years
- be in print
- have an author and illustrator both residing in the United States
- possess strong child appeal
- have artistic quality with text that supports the illustrations
- not be a title previously nominated (visit our website for the complete list)

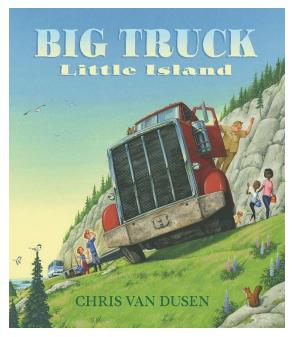

Voting may be held anywhere there are Granite State kids of eligible Ladybug voting age (up to 3rd graders). To be a voting site you must make all nominated books for that year available to your voters (this can be through storytimes, making the books available for kids to read themselves, or to take home, or a combination of these).

Voting materials for 2023, including a picture ballot, printable tally sheet, and the online tally form are all available at **https://www.nhsl.dncr.nh.gov/about-us/center-book/ladybug-picture-book-award**. There is also an order form to purchase voting and book stickers and several customizable flyers you can download to help promote your Ladybug events.

Voting may be conducted in any way that works for the voting site—picture ballots, raised hands, gathering near the book (Iowa-caucus style), putting an object in a container by the chosen book (like a penny raffle), or whatever you come up with that results in a count of votes for each nominated title that reflects the choices of the kids involved.

Votes must be received at the State Library, either through the online ballot or on an official tally sheet, by 11:30 pm on Sunday, December 17, 2023 in order to be counted.

This guide includes information and activities about each of the ten titles nominated for the 2023 Ladybug Picture Book Award. This information was compiled by Mary Russell, Director, Center for the Book at the NHSL and edited by Felicia Martin, Deputy Director, Center for the Book at the NHSL.

Big Truck Little Island by Chris Van Dusen (Candlewick Press, 2022)

That big truck is stuck! How will the island residents get where they're going? A tale of community and ingenuity inspired by a true story.

When a big truck and its big load get stuck on a narrow road, traffic on the little island comes to a halt. Some cars need to go south and some have to travel north. How will Meg get to her swim meet? What about Barry's ballet class? Luckily, the kids come up with an ingenious solution: why not just swap cars? Inspired by an incident that happened on Vinalhaven, Maine, Chris Van Dusen tells a fun tale of resourcefulness and community through clever, rhyming wordplay and whimsical illustrations, sprinkled with plenty of cars and trucks for transportation-loving readers.
